### PROFESSIONAL EXPERIENCE

#### Front-End Developer, Tektronix Technology Systems LLC. Sept 2024 - Present

- Collaborated with cross-functional teams to translate designs into high-quality code using React.js, TypeScript, and Tailwind CSS.
- Optimized applications for maximum speed and scalability.
- Participated in code reviews and provided constructive feedback.
- Wrote clean, maintainable, and well-documented code
- Maintained a 95% client satisfaction rate through tailored solutions and effective communication.
- Streamlined development processes by managing the codebase with Git.

#### Software Engineer, AppTycoons Jan 2023 - Aug 2024

- Delivered high-performance web and mobile applications utilizing Next.js, React.js, React Native, and TypeScript, boosting user engagement by 30%.
- Developed and integrated efficient APIs, reducing load times by 25%.
- Managed Prisma models to update and maintain the database schema.
- Guided junior developers through code reviews, ensuring code quality and consistency.

#### ReactJS Developer, Design Henge Nov 2022 - Dec 2022

- Translated wireframes into pixel-perfect and interactive interfaces, improving UI consistency.
- Enhanced application speed, responsiveness, and scalability through efficient coding practices.

#### Junior ReactJS Developer, Agilelan Limited Jan 2022 - Oct 2022

- Translated UI/UX wireframes into functional frontend code, driving product success.
- Collaborated with developers to create and enhance features, boosting user satisfaction by 25%.
- Integrated front-end code with server-side APIs and services.
