Github

PROJECTS

Portfolio link: aimonimran-portfolio.netlify.app

Reading Room

An online storytelling platform that allows users to read books of their choice from authors around the world. It also gives budding, local authors a chance to publicize their work which can be read by other users.

Technologies Used: HTML5, CSS3, Bootstrap, JavaScript, React.js, Node.js, Express, and MongoDB.

Quiz App

A quiz application that allows the participants to answer questions. If correct, the users gain points and move towards the next question. If they answer one question wrong, they will lose the game and will earn points equal to the previous question.

Technologies Used: HTML5, CSS3, JavaScript, and React.js.

To-Do App

An application that allows you to add and delete items.

Technologies Used: HTML5, CSS3, JavaScript, and React.js.

Portfolio Website

A portfolio website where I showcase my skills and projects online (Link is provided above)

Technologies Used: HTML5, CSS3, JavaScript, and React.js.
