Experienced Full Stack Developer specializing in API integration, database design, and dynamic user interfaces. Skilled in optimizing user experiences, enhancing system performance, and delivering solutions.

PORTFOLIO

- aimonimran-portfolio.netlify.app

TECHNICAL SKILLS

- **Frontend Technologies:** Next.js, React.js, React Native, TypeScript, JavaScript, Zustand, Redux, Tailwind CSS, styled-components, LESS, Material UI, BootStrap, Ant Design, CSS3, HTML5

    Backend Technologies: Node.js, Prisma, PostgreSQL, RESTful APIs

    Tools & Platforms: GitHub, Visual Studio Code, Asana, Jira, Slack, Xcode, TestFlight

    API & Payment Integration: Stripe API, Google Maps API

    Other: Version Control (Git), Code Reviews, Agile Methodologies

EXPERIENCE

SOFTWARE ENGINEER

AppTycoons | Jan 2023 - July 2024

- Delivered high-performance web and mobile applications, boosting user engagement by 30%.
- Developed and integrated efficient APIs, reducing load times by 25% and enhancing performance.
- Maintained a 95% client satisfaction rate through tailored solutions and effective communication.
- Enhanced application speed, responsiveness, and scalability through efficient coding practices.
- Managed Prisma models to update and maintain the database schema.
- Guided junior developers through code reviews, ensuring code quality and consistency.
- Streamlined development processes by effectively managing the codebase with Git, reducing deployment time by 20%.

REACTJS DEVELOPER

Design Henge | Nov 2022 - Dec 2022

- Translated wireframes and mockups into pixel-perfect and interactive interfaces, improving UI consistency.
- Built a reusable component library, reducing development time for new features by 40%.
- Optimized applications for maximum speed and scalability.
- Participated in code reviews and provided constructive feedback.

JUNIOR REACTJS DEVELOPER

Agilelan Limited | January 2022 - Oct 2022

- Translated UI/UX wireframes into functional frontend code, driving product success.
- Collaborated with developers to create and enhance features, boosting user satisfaction by 25%.
- Integrated front-end code with server-side APIs and services.
- Optimized web application performance through code optimization techniques, resulting in a 30% increase in page load speed.

EDUCATION

BACHELORS IN COMPUTER SCIENCE | 2019 - 2023

NED University of Engineering and Technology, Karachi, Pakistan

- CGPA: 3.806
